

It's time to put on a show,  
We're gonna let you all know  
How well we can sing, act and dance to and fro.  
We are so glad that you're here,  
Ready to laugh, cry or cheer,  
So sit back and enjoy the show.

We've got some kings and some queens,  
Some pigs and some sheep,  
Some princes and princesses as well.  
We have delivery boys and girls,  
Cows, geese and customers  
Who want their orders right on the bell.

So let's get on with the show,  
About Red, White and Bo.  
You'll see they can sing, act and dance to and fro.  
We are so glad that you're here,  
Ready to laugh, cry or cheer,  
So sit back and enjoy the show.  
So sit back and enjoy the show.  
So sit back and enjoy the show.

King & Queen: Don't stop! When things are getting heavy.

Don't stop! Just keep on striving on.

Don't stop! We know that you can do it,

Just keep singing this song.

R,W & B: We've never worked so hard before,  
Our legs and arms and heads are sore,  
We just want to give in.  
Please let us stay at home,  
We'll sit quietly on our throne,  
We just have to give in.

*R,W & B: We've never worked so hard before,  
Our legs and arms and heads are sore,  
We just want to give in.  
Please let us stay at home,  
We'll sit quietly on our throne,  
We just have to give in.*

*King & Queen: Don't stop! Don't stop! Please don't stop!  
Don't stop! Don't stop! Please don't stop!*

King & Queen: Remember you are royalty,  
You're made of sterner stuff.

R,W & B: We're grateful for our blue blood  
But ma and pa, we've had enough!

*King & Queen: Come on now, girls, let's see you take  
This challenge off the cuff.*

*R,W & B: We've had enough!*

*R,W & B: We love you very, very much,  
But when did you two get so tough?*

*King & Queen: Take it off the cuff.*

All: Don't stop! When things are getting heavy.  
Don't stop! Just keep on striving on.  
Don't stop! We know that you can do it,  
Just keep singing this song.

King: You know, my girls, I love you so,  
My little Red, White and Bo.  
And yet I think you ought to know  
That now's the time you have to go.

Queen: When I think of all the cash you spend,  
It's so much it makes my hair stand on end.  
Now's the time your frivolous ways to mend  
And make employment your closest friend.

King & Queen: And so, our lovely girls, it's time  
To leave the palace, you'll be fine.  
And earn each penny, cent and dime,  
It's time you learned to tow the line!

Red:           What do I know about parcels and post?  
                  Reading my magazine is what I do most.  
                  I've never done a hard day's work in my life.  
                  I love to ride, I love to shop, great parties I host.

All:            What does she know about parcels and post?  
                  Reading her magazine is what she does most.  
                  She's never done a hard day's work in her life.  
                  she loves to ride, she loves to shop,  
                  great parties she hosts.

White:         What do I know about feeding this crew?  
                  Caring for animals, what will I do?  
                  I've never done a hard day's work in my life.  
                  And what's this on my shoe?

All:            What does she know about feeding this crew?  
                  Caring for animals, what will she do?  
                  She's never done a hard day's work in her life.  
                  And what's that on her shoe?

Bo:                   What do I know about buttering bread,  
                          Making good fillings and learning to spread?  
                          I've never done a hard day's work in my life.  
                          Oh, I'm so tired please tell me I can go back to  
                          bed!

All:                   What does she know about buttering bread,  
                          Making good fillings and learning to spread?  
                          She's never done a hard day's work in her life.  
                          Oh, she's so tired please tell her she can go  
                          back to bed!

We're your delivery boys  
And we like making lots of noise!  
Bringing you parcels and boxes and packages,  
Watching you put them in the proper place,  
It is so good to hear you say hello,  
We think you ought to know  
We want you to stay always.

We're your delivery guys,  
Handsome and tall as the skies.  
We like the way you work,  
No time to rest or shirk,  
That is the way to be successful in this line of work  
We like the way you work,  
No time to shirk  
If you're to be successful today.

We're your delivery men.  
We've said it time and time again.  
We like the way you move,  
Getting down to the groove,  
Shifting those parcels like we've never seen it done before,  
We think you're great,  
Nothing is sent out late.  
I like you so how about a date?

Just a simple combination can make things right,  
No need to go on searching when you have found the light,  
Two ingredients together encased with love  
Will taste delicious, just like the pairing of...

Tomato and cheese, pickle and ham,  
Crunchy peanut butter with strawberry jam.  
What ever you choose, whatever you like,  
You'll get a lovely feeling when you take your first bite.

Chicken and pesto,  
Cream cheese and chives,  
Chocolade hagelslag met boter erbij.  
What ever you choose, whatever you like,  
You'll get a lovely feeling when you take your first bite.

Curds and whey crumpets,  
Lean meat for Jack Sprat,  
Tuppenny rice and treacle for the weasel, that's that.  
*What ever you choose, whatever you like,*  
*You'll get a lovely feeling when you take your first bite. (x2)*

Animals    Though we know that we shouldn't complain,  
              Yet we've sung it again and again.  
              Behind bars we feel sadness and pain.  
              And the sunniest days feel like rain.

Bo            I can see that you're feeling so blue,  
              And your cages aren't spacious, that's true.  
              But I don't know what else I can do  
              'xcept give food, love and water to you.

Animals    Dear Miss Bo, you have been so kind to us  
              Yes it's true you've done all that you can.  
              You're our honest and trustworthy friend  
              And we don't want this friendship to end.

Bo            My dear creatures, I'll never leave you.  
              I'll be true to my word you shall see.  
              I'll give all that I have 'til I find  
              You a life that is happy and free.

All            You'll give all that you have 'til you find  
              Us a life that is happy and free.
